The BIRP note format is a common model for progress reporting in the mental health sector, but it ' s not the only one.

There is no federal or international rule establishing the use of one model over another. Mental health coaches

# Read PDF Birp Progress Notes

and therapists are free to choose whichever format for progress reporting they prefer. There is a general idea that, at least at the institutional level, therapists should adopt and use the same model.

This Appendix covers two kinds of notes written about psychotherapy—progress notes and psychotherapy notes—and highlights the practical value of this important distinction.

Progress notes are part of the client record or file, as noted below.

Psychotherapy notes are not part of the file. After

# Read PDF Birp Progress Notes

an overview of the client file or record, the difference between these two kinds of notes is discussed along with guides for writing progress notes.
