Journey - Michael ...

Carrying the Fire is the memoir of Michael Collins, who was command module pilot on Apollo 11, the first human lunar landing mission. More than forty years after its first publication, it is still the gold standard of Apollo astronaut bios. Collins has a real feel for writing, compared with his colleagues, most of whom have written very dryly.

Carrying the Fire: An Astronaut's Journey by Michael Collins

In Carrying the Fire, Collins conveys, in a very personal way, the drama, beauty, and humor of that adventure. He also traces his development from his first flight experiences in the air force, through his days as a test pilot, to his Apollo 11 voyage, presenting an evocative picture of the joys of flight as well as a new perspective on time, light, and movement
