Simple Methods for Aquaculture - Handbook on fish farming

Simple Methods for Aquaculture - Handbook on fish farming
Pond Management in Catfish Farming:-Catfish can be raised in both new and old ponds. However, raising of catfish in the old pond is better than new pond. In case of using new pond, fertilizers, cow dung and lime should be applied to make the pond soil fertile for proper growth of the catfish. If you are planning to use old pond, the pond should be dried and removed any old fish or weeds from the pond before stocking catfish.
