Sample text: NCIS REPORTING AND MILITARY JUSTICE INVESTIGATIONS REFERENCES: (a) MCM (RCM 303) (b) JAGMAN (Chapter III) (c) SECNAVINST 5430.107 (series) (d) SECNAVINST 1752.4A (series) (e) DODI 6495.02 COMMAND INQUIRY: Suspected offenses may come to command attention in a variety of ways (e.g., shore patrol, civil law enforcement, or phone call, etc.) The commanding officer (CO) must conduct some form of inquiry into reported offenses that may be tried by court-martial per reference (a). The degree of inquiry will depend on the nature, validity, and seriousness of the complaint. See reference (b). MANDATORY REFERRAL TO NCIS: Reference (c) mandates that certain incidents be referred to NCIS whether occurring on or off base and regardless of civilian investigation involvement. These incidents include: Actual, suspected, or alleged major criminal offenses (punishable under the Uniform Code of Military Justice (UCMJ) by more than 1 year of confinement); Non-combat deaths when the cause of death is not medically attributable to disease or natural causes; Fires or explosions of unknown origin affecting Department of the Navy (DON) property or property under DON control; Theft or loss of ordnance or controlled substances; Disappearance of a command member; All instances of suspected fraud against the government within DON (e.g., theft of government property, bribery, false claims for pay, etc.); actual or suspected acts of espionage, terrorism, sabotage, assassination, and actual, suspected, or attempted defection of DON personnel; Internal security incidents, such as loss, compromise, or suspected compromise of classified information and national security cases; and Suspected sex-related offenses as defined under Articles 120 and 125 of the UCMJ. WHEN NCIS DECLINES TO INVESTIGATE: NCIS may, at its discretion, decline to conduct or continue any investigation, but shall expeditiously inform the effected command. A command may then request assistance from the local base security department or appropriate authority or pursue a command investigation pursuant to reference (a).

Providing an invaluable introductory resource for students studying cyber warfare, this book highlights the evolution of cyber conflict in modern times through dozens of key primary source documents related to its development and implementation. This meticulously curated primary source collection is designed to offer a broad examination of key documents related to cyber warfare, covering the subject from multiple perspectives. The earliest documents date from the late 20th century, when the concept and possibility of cyber attacks became a reality, while the most recent documents are from 2019. Each document is accompanied by an introduction and analysis written by an expert in the field that provides the necessary context for readers to learn about the complexities of cyber warfare. The title's nearly 100 documents are drawn primarily but not exclusively from government sources and allow readers to understand how policy, strategy, doctrine, and tactics of cyber warfare are created and devised, particularly in the United States. Although the United States is the global leader in cyber capabilities and is largely driving the determination of norms within the cyber domain, the title additionally contains a small number of international documents. This invaluable work will serve as an excellent starting point for anyone seeking to understand the nature and character of international cyber warfare. Covers in detail one of the defining forms of conflict of the 21st century:cyber warfare will significantly impact virtually every American citizen over the next two decades Provides more than 90 primary source documents and matching analysis, allowing readers to investigate the underpinnings of cyber warfare Enables readers to see the development of different concepts of cyber warfare through its chronological organization Reflects the deep knowledge of an editor who is a noted expert in cyber warfare and has taught for the United States Air Force for more than a decade
