A down-to-earth approach that demonstrates the connection between the individual and society. Down-to-earth sociology means using sociological perspectives to examine everyday life, and seeing the connection between the individual and society. Through a balance of comprehensiveness and brevity, this text provides students with a clear presentation of the four key theoretical perspectives, and then applies those perspectives in a variety of examples and exercises, in

order to bring sociology home for students. Note: MySocLab is not included with the purchase of this product.

You can also purchase a loose-leaf print reference to complement Revel Sociology: A Down to Earth Approach . This is optional.

Join the conversation with one of sociology's best-known thinkers. Essentials of Sociology, Second Edition adapted from Ritzer's Introduction to Sociology, Third Edition, provides the same rock-solid foundation in a shorter and more streamlined format. Like the original Ritzer text, Essentials of Sociology illuminates traditional sociological concepts and theories, and focuses on some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the "McDonaldization" of society. As technology flattens the globe, students are challenged to apply a sociological perspective to their world, and to see how "public" sociologists are engaging with the critical issues of today. Contributor to the SAGE Teaching Innovations and Professional Development Award Find out more at www.sagepub.com/sociologyaward

Essentials of Sociology, adapted from George Ritzer's Introduction to Sociology, provides the same rock-solid foundation from one of

sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenholt Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonaldization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond (Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Fothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich"
