Graphic design proper really began after the invention of the printing press in 1440, but the roots of visual communication stretch all the way back to caveman times. In this section, we'll run down the events of early history that paved the way for graphic design centuries before the world was ready for it. Cave paintings ~38,000 BCE

History Graphic Design

Graphic design has been practiced in various forms throughout history; indeed, strong examples of graphic design date back to manuscripts in ancient China, Egypt, and Greece. As printing and book production developed in the 15th century, advances in graphic design developed alongside it over subsequent centuries, with compositors or typesetters often designing pages as they set the type.
