Brian Williams's The Philosophy of Coffee is an espresso of a book: a short, potted, illustrated history with a strong British perspective. --The Spectator, February 2018 Besides tips on brewing and infusion, [Brian] also dazzles us with statistics . . . we are all caffeine addicts now.

The Philosophy of Coffee (Philosophies): Amazon.co.uk ...

The book itself is quite stylish and artfully designed, with an air of refreshing simplicity that reflects the type of content found inside. At only 80 pages and roughly 15,000 words, “ The Philosophy of Coffee ” is a very easy read, but Williams skillfully manages to weave a lot of information into a compact format. He discusses the origin and discovery of the coffee bean in the northern parts of Africa over a thousand years ago, as well as a variety of fascinating tidbits and factoids ...

The Philosophy of Coffee. by Paul Nizinskyj 24th April 2018. by Paul Nizinskyj. In a classic episode of Seinfeld, the programme 's resident oddball Kramer finds a fleeting dash of fame by publishing a coffee table book about coffee tables. It even had fold-out legs if you didn ' t have a coffee table yourself.

The Philosophy of Coffee – In Good Taste

That I wrote The Philosophy of Coffee, part of the British Library 's Philosophy of... series, which includes the surprise publishing sensation, The Philosophy of Beards, is entirely down to Daniel of Cups of Coffee London fame. Daniel was asked if he knew anyone who would be interested in writing the book and he kindly put me forward... That was at the start of 2016 and while The Philosophy of Coffee is only a short book, it took me forever to write it, partly because it is such a short ...

Review: . A beautifully illustrated guide to everything we could ever want to know about our morning cup of Joe. --STYLIST, February 2018 Brian Williams's The Philosophy of Coffee is an espresso of a book: a short, potted, illustrated history with a strong British perspective.

This is a short, entertaining, and illuminating introduction to the history and culture of coffee, from the humble origins of the bean in northeast Africa over a millennium to ago, to what it is today, a global phenomenon that is enjoyed around the world. It is the perfect gift for coffee lovers, and includes chapters on the rise of the coffeehouse, legal bans on coffee, Brazil's domination of the world coffee trade, and the birth of the espresso.

Offering philosophical insights into the popular morning brew, Coffee -- Philosophy for Everyone kick starts the day with an entertaining but critical discussion of the ethics, aesthetics, metaphysics, and culture of coffee. Matt Lounsbury of pioneering business Stumptown Coffee discusses just how good coffee can be Caffeine-related chapters cover the ethics of the coffee trade, the metaphysics of coffee and the centrality of the coffee house to the public sphere Includes a foreword by Donald Schoenholt, President at Gillies Coffee Company

"A bracing, rollicking read about the spark that ignites when people start asking meaningful questions." —O Magazine Christopher Phillips is a man on a mission: to revive the love of questions that Socrates inspired long ago in ancient Athens. "Like a Johnny Appleseed with a master's degree, Phillips has gallivanted back and forth across America, to caf é s and coffee shops, senior centers, assisted-living complexes, prisons, libraries, day-care centers, elementary and high schools, and churches, forming lasting communities of inquiry" (Utne Reader). Phillips not only presents the fundamentals of philosophical thought in this "charming, Philosophy for Dummies-type guide" (USA Today); he also recalls what led him to start his itinerant program and re-creates some of the most invigorating sessions, which come to reveal sometimes surprising, often profound reflections on the meaning of love, friendship, work, growing old, and others among Life's Big Questions. "How to Start Your Own Socrates Caf é " guide included.

Named one of the Ten Best Books of 2016 by the New York Times, a spirited account of a major intellectual movement of the twentieth century and the revolutionary thinkers who came to shape it, by the best-selling author of How to Live Sarah Bakewell. Paris, 1933: three contemporaries meet over apricot cocktails at the Bec-de-Gaz bar on the rue Montparnasse. They are the young Jean-Paul Sartre, Simone de Beauvoir, and longtime friend Raymond Aron, a fellow philosopher who raves to them about a new conceptual framework from Berlin called Phenomenology. "You see," he says, "if you are a phenomenologist you can talk about this cocktail and make philosophy out of it!" It was this simple phrase that would ignite a movement, inspiring Sartre to integrate Phenomenology into his own French, humanistic sensibility, thereby creating an entirely new philosophical approach inspired by themes of radical freedom, authentic being, and political activism. This movement would sweep through the jazz clubs and caf é s of the Left Bank before making its way across the world as Existentialism. Featuring not only philosophers, but also playwrights, anthropologists, convicts, and revolutionaries, At the Existentialist Caf é follows the existentialists' story, from the first rebellious spark through the Second World War, to its role in postwar liberation movements such as anti-colonialism, feminism, and gay rights. Interweaving biography and philosophy, it is the epic account of passionate encounters--fights, love affairs, mentorships, rebellions, and long partnerships--and a vital investigation into what the existentialists have to offer us today, at a moment when we are once again confronting the major questions of freedom, global responsibility, and human authenticity in a fractious and technology-driven world.

Coffee and Philosophy covers the major issues of philosophy in an inexpensive novel, using classic dialogue form and presenting ideas, arguments and counterarguments, objections, criticisms, questions and answers as a conversation among three college students.

Morning Coffee is a practical approach to reading and applying the Word. Many people have a hard time getting going in the morning, which can make for a long week. This book will give people the edge they need to motivate them to make it through the day and ultimately through the week. If our spirit is satisfied daily, the rest of our body will fall in line. Everybody feels like they need a morning cup of joe, and by the power of the Holy Spirit, I submitted my will to the Lord's to be used to brew up the flavor of the day. So as the sun rises, find a quiet place to make time for the Morning Coffee. This is the right way to start your day. When you are empty, He will fill your cup.

Offering philosophical insights into the popular morning brew, Coffee -- Philosophy for Everyone kick starts the day with an entertaining but critical

discussion of the ethics, aesthetics, metaphysics, and culture of coffee. How did drinking the infusions of a unique plant from China become a vital part of everyday life? This gift book presents an entertaining and illuminating introduction to the history and culture of tea, from its origins in the Far East to the flavors and properties of different varieties, and the rituals of tea preparation and drinking around the world. This simple hot beverage is suffused with artistic and religious overtones. The Chinese Ch'a Ching gave very precise guidelines to the preparation and sipping of tea, and the Japanese tea ceremony elevated it to an art form. Following its introduction to the royal court in the 17th century, the British created their own traditions, from the elaborate etiquette of afternoon tea to the humble pot of tea at the heart of family life, and the modern appreciation for specialty infusions.
