with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information.

Celebrations begin this year to mark the 50th Anniversary of the Chevrolet Corvette.

There's no one more qualified than Dave McLellan to reflect upon the remarkable endurance of this legendary American icon.

Dave McLellan belongs to a select group by having been the second of only three Corvette Chief Engineers to date. He is also the very first Corvette Chief Engineer to sit down and write his view of the

Get Free Helms Repair Manuals

incredible story of America's foremost sports car. In *Corvette* from the Inside Dave McLellan talks about his years at the center of Corvette Engineering, his take on Corvette history and many of the details that have made the Corvette a perennial favorite with millions of Americans. As McLellan describes the incredible highs and lows in the life of the Corvette, he also paints the bigger picture of the American auto industry's ability to rebuild itself whenever its survival is threatened. McLellan uses every tool at his disposal to tell his story, including

original sketches and charts drawn by him exclusively for this book, scores of archival photos from GM, photos from his personal collection, and of course his own first-hand memories of 32 years at General Motors. Whether you're interested in the Corvette from an engineering perspective or simply a fan of the celebrated sports car, you'll want to own a copy of Dave McLellan's *Corvette from the Inside*.
