The 1776 Report is the official report of The President's Advisory 1776 Commission. Submitted to the President and released as a public document on January 18, 2021, the report explains the core principles of the American founding and how they have shaped American history, considers the leading challenges to these principles at home and abroad, and calls on all Americans to “restore our national unity by rekindling a brave and honest love for our country and by raising new generations of citizens who not only know the self-evident truths of our founding, but act worthy of them.” This edition features the original text with the addition of notes and commentary by Chair Larry P. Arnn, Vice Chair Carol Swain, and Executive Director Matthew Spalding.

In this extraordinarily candid book, Umesh Patri presents a fresh reappraisal of the impact of Indian scriptures on American transcendentalism which flourished in New England in the 19th century. The major premise of the study is that other influences on the

transcendentalists, such as Chinese, Persian, Sufi, Arabic, Neo-Platonism and German transcendentalism, are of less significance than that of Indian scriptures comprising of Hindu and Buddhist texts. In the writings of Emerson, Thoreau and minor transcendentalists like Alcott, Fuller, Channing, Johnson, Brownson, etc., the influence of Indian scriptures is clearly discernable. An attempt has been made here to show that Indian scriptures have not only influenced the philosophical thinking of these writers but also their lifestyle and social conduct. It also attempts to show that transcendentalism was not an isolated movement but was a part of a cultural renaissance which swept the entire nation in the wake of avid interest and curiosity in the ancient lore of other countries. Transcendentalism, it is suggested here, continues to affect the thinking of Americans and can be viewed as a continuing movement of thought in American intellectual history. This book draws attention to many aspects of transcendentalism which have not been adequately discussed so far.

comprehensive work to include post-Civil War Transcendentalists like Samuel Johnson, this book is encyclopedic in scope. Beginning with the inception of Transcendentalist Orientalism in Europe, Versluis covers the entire history of American Transcendentalism into the twentieth century, and the profound influence of Orientalism on the movement--including its analogues and influences in world religious dialogue. He examines what he calls "positive Orientalism," which recognizes the value and perennial truths in Asian religions and cultures, not only in the writings of major figures like Thoreau and Emerson, but also in contemporary popular magazines. Versluis's exploration of the impact of Transcendentalism on the twentieth-century study of comparative religions has ramifications for the study of religious history, comparative religion, literature, politics, history, and art history.

(1935), this bibliography has items arranged chronologically, geographically and topically, while indexes refer to authors, subjects and individuals. In addition to maps, the book contains a list of major policy makers since 1781 and brief biographical sketches of U.S. secretaries of state. ISBN 0-87436-323-3 : \$87.50.

Palmer reviews the course of the relationship between the United States and India, especially since the early 1970s, with particular attention to who influenced whom, in what ways, how, why, and with what results. This book is part of a Praeger series, "Studies of Influence in International Relations." The author considers the troubles of 1971 and the "tilt toward Pakistan," the impact of U.S. global and regional priorities upon bilateral relations, economic trade and aid, security concerns and conflicts, nuclear power developments, and person-to-person Indo-American encounters. The study focuses on the 1970s and 1980s, years of more differences and disagreements than of cooperation, thereby giving a somewhat distorted picture of the overall relationship. ISBN 0-03-069556-2 : \$29.95.
