I love poetry that is easily understood. Poetry that tells me about people and the world we live in and many of my favourite poems tell a story that we can all relate to. This is the type of poetry that I write. I've made a collection of the poems I've written over many years and put them together in this book. There's nothing mystical or difficult in these poems, they are an easy read. Some poems bring a tear to the eye when we read them, others make us laugh out loud. I hope you enjoy reading my poems as much as I enjoyed writing them.
