This book is the essential guide for anyone who wants to secure their ideal job. Written by a team from Kenexa, one of the UK's leading compilers of psychometric tests, it explains how numerical tests work, gives helpful pointers on how to get ready, and provides professionally constructed sample questions for you to try out at home. It also contains an in-depth section on online testing - the route that more and more recruiters are choosing to take. Whether you're a graduate looking to take the first step on the career ladder, or you're planning an all important job change, this book has everything you need to make sure you stand out from the competition. The Perfect series is a range of practical guides that give clear and straightforward advice on everything from getting your first job to choosing your baby's name. Written by experienced authors offering tried-and-tested tips, each book contains all you need to get it right first time.

Integrated Business Communication applies communication concepts and issues from various fields such as marketing, public relations, management, and organizational communication and packages them into a dynamic new approach – Integrated Communication. It is designed to give business students a basic knowledge and broad overview of communication practices in the workplace. Ultimately, the book should be seen as a practical guide to help students understand that communication is key to decision making and fundamental to success in a global marketplace. This book uses an interdisciplinary approach to its discussion of integrated communication by incorporating theory, application, and case studies to demonstrate various concepts. Theory will be introduced when necessary to the understanding of the practical application of the various concepts. This co-authored book will be broad enough in scope and method to be used as a core text in business communication. Case studies will be an integral part of the material. The book focuses on the practical application of theory and concepts Presents case studies from many sectors to illustrate concepts The book will have an interdisciplinary approach utilizing examples from communications, mass communications, marketing, public relations, management, and intercultural and organizational communication being used in many countries throughout the world There will be a strong pedagogical structure within the text with a website providing additional materials for students and lecturers Contributions from Katherine Van Wormer, Theresa Thao Pham, Charles Lankester, Elizabeth

HACK YOUR WORKPLACE CULTURE FOR GREATER PROFITS AND PRODUCTIVITY "I LOVE THIS BOOK!" —CHESTER ELTON, New York Times bestselling author of All In and What Motivates Me "When companies focus on culture, the positive effects ripple outward, benefiting not just employees but customers and profits. Read this smart, engaging book if you want a practical guide to getting those results for your organization." —MARSHALL GOLDSMITH, executive coach and New York Times bestselling author "Most books on customer service and experience ask leaders to focus on the customer first. Shane turns this notion on its head and makes a compelling case why leaders need to make 'satisfied employees' the priority." —LISA BODELL, CEO of Futurethink and author of Why Simple Wins "This is a must read for anyone in a customer service-centric industry. Shane explains the path to creating both satisfied customers and satisfied employees." —CHIP CONLEY, New York Times bestselling author and hospitality entrepreneur The question is not, "does your company have a culture?" The question is, "does your company have a culture that fosters outstanding customer experiences, limits employee turnover, and ensures high performance?" Every executive and manager has a responsibility to positively influence their workplace culture. Culture Hacker gives you the tools and insights to do it with simplicity and style. Culture Hacker explains: Twelve high-impact hacks to improve employee experience and performance How to delight and retain a multi-generational workforce The factors determining whether or not your employees deliver outstanding customer service

A powerful new technique for exposing the person behind the resume Traditional interview techniques are notoriously inadequate when it comes to providing a picture of how a candidate will actually perform on the job. Recently, an interview style proven to more accurately identify the cream of the crop has been making headlines. It's called behavioral interviewing, and it involves getting candidates to truthfully describe how they responded to past job situations to indicate how well they will handle tasks required in their new position. Coauthored by a hiring consultant to Coca-Cola, Nortel, Siemens, and other Fortune 500 companies, How to Choose the Right Person for the Right Job Every Time explains the advantages of behavioral interviewing and shows managers how to: Identify the skills and characteristics they want in a candidate Develop an interview format Ask the right questions--includes 401 sample questions Rate candidates by scorecard

KEY CONTENTS OF THIS GUIDE INCLUDE: - Contains invaluable tips on how to prepare for abstract reasoning tests; - Written by an expert in this field in conjunction with recruitment experts; - Contains lots of sample test questions and answers.

"Recruiting, Interviewing, Selecting & Orienting New Employees is a practical and user-friendly guide to the entire employment process. Written and designed for daily use in both high-volume and smaller hiring environments, the book includes step-by-step guidelines; specific interview and reference questions to ask (plus the ones to avoid); and information on powerful new electronic recruiting strategies, more effective orientation programs, and more." "The book covers the entire employment process and includes hundreds of sample questions to use as is or adapt to your specific needs. You'll also find a selection of targeted forms and checklists that will help keep your hiring initiatives humming along."--Jacket.

Central to the book are questions concerning the existence and the characteristics of justice motives, and concerning the influence that justice motives and justice judgements have on the emergence, but also the solution of social conflicts. Five main themes will be addressed: (1) "Introduction and justice motive", (2) "organizational justice", (3) "ecological justice", (4) "social conflicts", and (5) "solution of conflicts". The authors of the editions are scholars of psychology, as well as distinguished experts from various other disciplines, including sociologists, economists, legal scholar, educationalists, and ethicists. The common ground of all contributors is their independent conduction of empirical research on justice issues. Apart from the German contributors, authors represent scholars from the US, India, Korea, New Zealand, and various European countries (Austria, Switzerland, the Netherlands, UK, Sweden).
