Abstract: An edition of Isaiah Berlin's classic of liberalism, "Four Essays on Liberty", this book incorporates a fifth essay, and adds further pieces on the same topic, so that Berlin's principal statements. on liberty are available together.

This title includes the following features: A new, expanded edition of what Isaiah Berlin himself regarded as his most important book; Includes a fifth essay, 'From Hope and Fear set Free', which Berlin had hoped to include in the original edition; Also included are three of Berlin's otherwritings on liberty - 'Liberty', 'The Birth of Greek Individualism', and 'Final Retrospect' - and three autobiographical pieces - 'The Purpose Justifies the Ways', 'A Letter to George Kennan' (previously unpublished), and 'Notes on Prejudice'; Also includes a critical bibliography by Ian Harriswhich brings together the growing mass of literature on Berlin's work with brief critical commentary; Includes an extended preface by the editor which gives a fascinating insight into the struggle behind the creation of this highly influential work

Liberty: Incorporating Four Essays on Liberty: Amazon.co.uk

These celebrated lectures constitute one of Isaiah Berlin's most concise, accessible, and convincing presentations of his views on human freedom—views that later found expression in such famous works as "Two Concepts of Liberty" and were at the heart of his lifelong work on the Enlightenment and its critics. When they were broadcast on BBC radio in 1952, the lectures created a sensation and confirmed Berlin ' s reputation as an intellectual who could speak to the public in an appealing and compelling way. A recording of only one of the lectures has survived, but Henry Hardy has recreated them all here from BBC transcripts and Berlin ' s annotated drafts. Hardy has also added, as an appendix to this new edition, a revealing text of "Two Concepts" based on Berlin ' s earliest surviving drafts, which throws light on some of the issues raised by the essay. And, in a new foreword, historian Enrique Krauze traces the origin of Berlin ' s idea of negative freedom to his rejection of the notion that the creation of the State of Israel left Jews with only two choices: to emigrate to Israel or to renounce Jewish identity.

"The fox knows many things, but the hedgehog knows one big thing." This ancient Greek aphorism, preserved in a fragment from the poet Archilochus, describes the central thesis of Isaiah Berlin's masterly essay on Leo Tolstoy and the philosophy of history, the subject of the epilogue to War and Peace. Although there have been many interpretations of the adage, Berlin uses it to mark a fundamental distinction between human beings who are fascinated by the infinite variety of things and those who relate everything to a central, all-embracing system. Applied to Tolstoy, the saying illuminates a paradox that helps explain his philosophy of history: Tolstoy was a fox, but believed in being a hedgehog. One of Berlin's most celebrated works, this extraordinary essay offers profound insights about Tolstoy, historical understanding, and human psychology. This new edition features a revised text that supplants all previous versions, English translations of the many passages in foreign languages, a new foreword in which Berlin biographer Michael Ignatieff explains the enduring appeal of Berlin's essay, and a new appendix that provides rich context, including excerpts from reviews and Berlin's letters, as well as a startling new interpretation of Archilochus's epigram.

Since his death in 1997, Isaiah Berlin ' s writings have generated continual interest among scholars and educated readers, especially in regard to his ideas about liberalism, value pluralism, and "positive" and "negative" liberty. Most books on Berlin have examined his general political theory, but this volume uses a contemporary perspective to focus specifically on his ideas about freedom and liberty. Isaiah Berlin and the Politics of Freedom brings together an integrated collection of essays by noted and emerging political theorists that commemorate in a critical spirit the recent 50th anniversary of Isaiah Berlin ' s famous lecture and essay, "Two Concepts of Liberty." The contributors use Berlin ' s essay as an occasion to rethink the larger politics of freedom from a twenty-first century standpoint, bringing Berlin ' s ideas into conversation with current political problems and perspectives rooted in postcolonial theory, feminist theory, democratic theory, and critical social theory. The editors begin by surveying the influence of Berlin ' s essay and the range of debates about freedom that it has inspired. Contributors ' chapters then offer various analyses such as competing ways to contextualize Berlin ' s essay, how to reconsider Berlin ' s ideas in light of struggles over national self-determination, European colonialism, and racism, and how to view Berlin ' s controversial distinction between so-called "negative liberty" and "positive liberty." By relating Berlin ' s thinking about freedom to competing contemporary views of the politics of freedom, this book will be significant for both scholars of Berlin as well as people who are interested in larger debates about the meaning and conditions of freedom.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
