I read and enjoyed Dr. Helen Smith’s book “ Men on Strike ” a few years back. The book explains a few of the developments that have led to men underperforming in school and in the workplace, and opting out of marriage and fatherhood. Dr. Helen comes to this problem as a secular libertarian, not as a Christian conservative.

American society has become anti-male. Men are sensing the backlash and are consciously and unconsciously going "on strike." They are dropping out of college, leaving the workforce and avoiding marriage and fatherhood at alarming rates. The trend is so pronounced that a number of books have been written about this "man-child" phenomenon, concluding that men have taken a vacation from responsibility simply because they can. But why should men participate in a system that seems to be increasingly stacked against them? As Men on Strike demonstrates, men aren't dropping out because they are stuck in arrested development. They are instead acting rationally in response to the lack of incentives society offers them to be responsible fathers, husbands and providers. In addition, men are going on strike, either consciously or unconsciously, because they do not want to be injured by the myriad of laws, attitudes and hostility against them for the crime of happening to be male in the twenty-first century. Men are starting to fight back against the backlash. Men on Strike explains their battle cry.

A portrait of strife-torn Northern Ireland chronicles the events that occurred when jailed IRA members demanded to be recognized as political prisoners in 1981, events that saw ten men starve themselves to death.

A young man has inherited a ranch—and a whole lot of trouble—in this Western in the New York Times bestselling series. In Colorado Territory, Smoke Jensen is trying to live at peace with the big, beautiful world around him. Then a tinhorn named Puddle enters his valley—and unleashes a hellstorm of a range war. Then the shooting started Malcolm Theodore Puddle is a twenty-one-year-old shipping clerk—from way back East. What is he doing out here? The Mountain Man's former neighbor, Humbolt Puddle, has died and left his crumbling six-hundred-acre ranch to his only living heir, just as a greedy and ruthless cattle baron is circling the Humbolt ranch like a ravenous vulture. Poor, unsuspecting Puddle is walking into a death trap. Smoke is the not the pitying kind. But any enemy of Smoke's neighbor is his enemy, too: Kill-crazy hired gunmen are threatening the whole valley and good men are dying. Puddle may not be much, but he's all Smoke has—as a take-no-prisoners mountain man and a timid tinhorn make for an army of two . . . in one hell of a fight.

"A scorching memoir of a love affair with an addict, weaving personal reckoning with psychology and history to understand the nature of addiction, codependency, and our appetite for obsessive love. "The disease he has is addiction," Nina Renata Aron writes of her boyfriend, K. "The disease I have is loving him." Their love affair is dramatic, urgent, overwhelming—an intoxicating antidote to the long, lonely days of early motherhood. Soon after they get together, K starts using again, and years of relapses and broken promises follow. Even as his addiction deepens, she stays, convinced she is the one who can get him sober. After an adolescence marred by family trauma and addiction, Nina can't help but feel responsible for those suffering around her. How can she break this pattern? If she leaves K, has she failed him? Writing in prose at once unflinching and acrobatic, Aron delivers a piercing memoir of romance and addiction, drawing on intimate anecdotes as well as academic research to crack open the long-feminized and overlooked phenomenon of codependency. She shifts between visceral, ferocious accounts of her affair with K and introspective analyses of the part she plays in his addictions, as well as defining moments in the history of codependency, from the temperance movement to the formation of Al-Anon to more recent research in the psychology of addiction. Good Morning, Destroyer of Men's Souls is a blazing, bighearted book that illuminates and adds nuance to the messy tethers between femininity, enabling, and love"--

Though widely recognized as one of the Industrial Workers of the World's leading members and one of its most prominent militants, this is the first book-length biography of Frank Little. Little's life offers innumerable lessons for working class people facing many of the same economic injustices in today's world. Arnold Stead, PhD, is a poet, fiction writer, historian, playwright, and jazz and film critic. He lives in Minneapolis, Minnesota, with his wife and family.

An instant New York Times bestseller, this prequel to the acclaimed Cork O'Connor series is "a pitch perfect, richly imagined story that is both an edge-of-your-seat thriller and an evocative, emotionally charged coming-of-age tale" (Kristin Hannah, #1 New York Times bestselling author) about fathers and sons, small-town conflicts, and the events that shape our lives forever. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota's Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O'Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will

cause him to question everything he took for granted about his hometown, his family, and himself. Cork's father, Liam O'Connor, is Aurora's sheriff and it is his job to confirm that the man's death was the result of suicide, as all the evidence suggests. In the shadow of his father's official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this "brilliant achievement, and one every crime reader and writer needs to celebrate" (Louise Penny, #1 New York Times bestselling author), beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding.

A disturbing package leads Detective Cormoran Strike and his assistant Robin Ellacott to investigate four dangerous murder suspects in this "magnetic" British mystery (Michiko Kakutani, New York Times) that inspired the acclaimed HBO Max series C.B. Strike. When Robin Ellacott opens an unexpected delivery, she is horrified to discover that it contains a woman's severed leg. Her boss, private detective Cormoran Strike, is less surprised but just as alarmed. He suspects that four people from his past could be responsible -- and any one of them is capable of sustained and unspeakable brutality. With the police focusing on the one suspect Strike has essentially ruled out, he and Robin take matters into their own hands and delve into the dark and twisted worlds of the other three men. But as more horrendous acts occur, time is running out for the two of them . . . Career of Evil is the third in J. K. Rowling's highly acclaimed series featuring private detective Cormoran Strike and his assistant Robin Ellacott. A fiendishly clever mystery with unexpected twists around every corner, Career of Evil is also a gripping story of a man and a woman at a crossroads in their personal and professional lives.
