"Let's face it, just because I stick out my tongue a lot and spit fire doesn't mean I have any qualifications to advise anyone on relationship, money or career issues. I don't. Yet I've lived with a beautiful woman for twenty years with never a cross word between us, in a relationship based on honesty and full disclosure. I've amassed a fortune--and "expert business people" work for me. And for three decades I've been in KISS--a band that has scaled the heights and broken every possible record, from album sales to touring to merchandising and licensing. What I have and have always had (thanks in full to my mother's wisdom) is an abiding faith in me. Call it a "life philosophy": a philosophy about money (mine!) and happiness (mine again). It works for me. It can work for you!

In this groundbreaking book, Dr. Henry Grayson shares his breakthrough techniques for creating deeper and more lasting connections with our loved ones. Henry Grayson, a psychologist, relationship counselor, psychoanalyst, and former minister who has been working with couples and individuals to improve their relationships for over thirty years, has found that most people are actually more unhappy after marriage counseling or couples therapy. In Mindful Loving he sets aside the traditional methods of therapy to show you how to look at your relationships from a completely different perspective. By getting to the root of our relationship problems, which stem from our thoughts and beliefs and mistaken ideas about our own identities, Grayson creates a whole new framework—one where psychology, spirituality, and science meet—in which to view intimacy.
