In social science and politics, power is the capacity of an individual to influence the actions, beliefs, or conduct (behaviour) of others. The term authority is often used for power that is perceived as legitimate by the social structure, not to be confused with Authoritarianism.. Power can be seen as evil or unjust; however, power can also be seen as good and as something inherited or given ...

~~Power (social and political) - Wikipedia~~

Power is frequently defined by political scientists as the ability to influence the behavior of others with or without resistance. The term authority is often used for power perceived as legitimate by the social structure. Power can be seen as evil or unjust, but the exercise of power is accepted as endemic to humans as social beings.
