Study Guide Reviews

Although the HESI A2 Secrets Study Guide is a great choice, the fact that it's lacking in the vocabulary sections can make it inferior to our previously mentioned products, although it shouldn't reflect on the overall quality of the guide which can be very useful if you already have a good grasp over these core concepts.

If you're a beginner, this study guide may seem a bit short (it only has 154 pages), and you would be right. When it comes to explaining concepts and procedures, this MBLEx Study Guide is a bit short on the information it offers. Still, it's a fantastic complementary resource and works well for people who already have a contact with this niche.

Study Guides | CliffsNotes

The study guide is pretty good. Better than many who have only given it one star. At least it has a section on Situation Judgment. Although it is obvious that the Situational Judgment section was taken from some type of military study guide, it gives you helpful hints on how to address this section.

These practice test questions come with detailed answer explanations so that you can fully digest the reason you made mistakes and improve upon them in the future.

"Complete review, practice tests, video tutorials for the New College Board SAT Exam."

"Dawn gave us the tools we needed to take the exam, and let me tell you - she was on point! Not only did she cover the content areas we needed to focus in on, but she also showed us how to read and interpret the questions on the exam." -Ammu D. Kowolik, LMSW, McSilver Institute for Poverty Policy and Research

Students and social workers preparing for the social work masters licensure exam will find an invaluable study resource in the Social Work ASWB® Masters Exam Guide. Written by a prominent social work leader and trainer for social work licensing exams in the United States, this guide is based on years of time-tested exam prep workshops conducted by the author. It mirrors the ASWB Masters "Knowledge, Skills, and Abilities" upon which the exam is based and incorporates information from the DSM-5®. The guide is comprehensive yet focuses on the material most likely to be included on the exam, so readers can prioritize information as they study. A self-assessment section helps identify strengths and weaknesses before tackling the material. The author shares her extensive knowledge of the exam by providing useful test-taking strategies and tips for overcoming test anxiety. The 170-question practice test at the end of the guide (with explanations of the correct answers) mirrors the actual exam in both length and structure. Content includes human development, diversity, abuse and neglect, assessment and intervention planning, direct and indirect (micro and macro) practice, and professional values and ethics. This book will be a valuable asset for social workers throughout the United States and Canada. Key Features:

- Developed by a highly respected educator of social work licensure candidates
- Covers all the content areas on the masters examination, including new content added in 2015
- Begins with a self-assessment section to help identify areas of strength and weakness
- Offers a wealth of test-taking tips and strategies to foster exam confidence
- Includes a practice test (with explanations of the correct answers) that mirrors the exam
