In these haunting reflections, Primo Levi, a chemist by training, takes the elements of the periodic table as his inspiration. He ranges from young love to political savagery; from the inert gas argon - and 'inert' relatives like the uncle who stayed in bed for twenty-two years - to life-giving carbon. 'Iron' honours the mountain-climbing resistance hero who put iron in Levi's student soul, 'Cerium' recalls the improvised cigarette lighters which saved his life in Auschwitz, while 'Vanadium' describes an eerie post-war correspondence with the man who had been his 'boss' there.

In this collection of essays based on his time as a Jewish prisoner in the Nazi camps, Primo Levi creates a series of sketches of the people he met who retained their humanity even in the most inhumane circumstances. Having already written two memoirs of his survival at Auschwitz, Levi knew there was still more left untold. Collected in this book are stray vignettes of fifteen individuals Levi met during his imprisonment. Whether it was the young Romani man who smuggled a creased photo of his bride past the camp guards or the starving prisoner who still insisted on fasting on Yom Kippur, the memory of these individuals stayed with Levi for long after. They represent for him "bizarre, marginal moments of reprieve." Neither simple heroes nor victims, but people who never lost sight of their humanity in the face of unimaginable suffering. Written with the author's signature humility and intelligence, *Moments of Reprieve* shines with lyricism and insight. Nearly forty years after their publication, Levi's words remain as beautiful as they are necessary. Along with Elie Wiesel and Hannah Arendt, Primo Levi is remembered as one of the most powerful and perceptive writers on the Holocaust and the Jewish experience during World War II. This is an essential book both for students and literary readers. Reading Primo Levi is a lesson in the resiliency of the human spirit.

"He is our Dante . . . writing a modern masterpiece about his journey into Hell . . . [that is] unique in the literature of the Holocaust." *USA Today* A Penguin Classic Primo Levi was one of the most astonishing voices to emerge from the twentieth century: a man who survived one of the ugliest times in history, yet who was able to describe his own Auschwitz experience with an unaffected tenderness. Levi was a master storyteller but he did not write fairytales. These stories are an elegy to the human figures who stood out against the tragic background of Auschwitz, "the ones in whom I had recognized the will and capacity to react, and hence a rudiment of virtue." Each centers on an individual who—whether it be through a juggling trick, a slice of apple or a letter—discovers one of the "bizarre, marginal moments of reprieve." For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Periodic Table of Wine is a fun, concise, and appealingly geeky new concept to wine appreciation. The foundation of the book is a periodic table designed to give a visual overview of how different styles of the world's wines relate to one another. Beginning with white wines in columns on the left, the table then highlights rosé in the middle, and then reds in the columns on the right. The rows, running from top to bottom, are organized by quality of flavor—fruit and spice, green and mineral, sweet, etc. If you like one "element" or wine type in the table, you can discover other examples situated around it you might also enjoy. The book also offers substantial descriptions of the 127 "elements," or wines, each of which includes a full background and, frequently, food pairings. The book will be published with a companion volume, *The Periodic Table of Cocktails*.

“In Levi’s writing, nothing is superfluous and everything is essential.” —Saul Bellow A Penguin Classic In the final days of World War II, a courageous band of Jewish partisans makes its way from Russia to Italy, moving toward the ultimate goal of Palestine. Based on a true story, *If Not Now, When?* chronicles their adventures as they wage a personal war of revenge against the Nazis: blowing up trains, rescuing the last victims of concentration camps, scoring victories in the face of unspeakable devastation. Primo Levi captures the landscape and the people of Eastern Europe in vivid detail, depicting as well the terrible bleakness of war-ridden Europe. But finally, what he gives us is a tribute to the strength and ingenuity of the human spirit. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A cleverly nerdy review of feminist history told through the wide range of women who have shaped it, from Ruth Bader Ginsberg and Oprah to Beyoncé and The Spice Girls A quirky, intelligent, and stylish review of the feminist movement, told through the stories of standout figures who have shaped it, *The Periodic Table of Feminism* charts the impact of female leaders from Betty Friedan and Ruth Bader Ginsburg to Michelle Obama and Oprah. Using the periodic table as a categorical device, the featured women are divided into "chemical" groups to show how the women and the battles they fought speak to each other across time and geography: Precious Metals: the face of the movements, like Simone De Beauvoir and Gloria Steinem Catalysts: Pioneers and fire-starters, like Susan B. Anthony and Sheryl Sandberg Conductors: The organizers, like Sojourner Truth and Rebecca Solnit Diatomics: Women working together, like The Spice Girls and The Women's Equality Party Stabilizers: Pacifists, like Margaret Atwood, Lindy West, and Eve Ensler Explosives: Radicals, anarchists, and violent uprisers, like Adrienne Rich and Roxane Gay Rejectors: "I am not a feminist" proclaimers, like Alice Walker and Sarah Jessica Parker With clever "top 10" lists--such as *Feminists in Fiction*, *Feminists Before Feminism*, *Best Women's Marches*, and *Male Feminists*--plus 120 meme-ready illustrations and inspiring pull quotes, this essential guide to feminism offers courage and inspiration for a new generation.

'Back, away from here, drowned people, go. I haven't stolen anyone's place' A selection of poetry from the author of *If This is a Man* and *The Periodic Table*. Penguin Modern: fifty new books celebrating the pioneering spirit of the iconic Penguin Modern Classics series, with each one offering a concentrated hit of its contemporary, international flavour. Here are authors ranging from Kathy Acker to James Baldwin, Truman Capote to Stanislaw Lem and George Orwell to Shirley Jackson; essays radical and inspiring; poems moving and disturbing; stories surreal and fabulous; taking us from the deep South to modern Japan, New York's underground scene to the farthest reaches of outer space.

2015 Washington Post Notable Book *The Complete Works of Primo Levi*, which includes seminal works like *If This Is a Man* and *The Periodic Table*, finally gathers all fourteen of Levi’s books—memoirs, essays, poetry, commentary, and fiction—into three slipcased volumes. Primo Levi, the Italian-born chemist once described by Philip Roth as that “quicksilver little woodland creature enlivened by the forest’s most astute intelligence,” has largely been considered a heroic figure in the annals of twentieth-century literature for *If This Is a Man*, his haunting account of Auschwitz. Yet Levi’s body of work extends considerably beyond his experience as a survivor. Now, the transformation of Levi from Holocaust memoirist to one of the twentieth century’s greatest writers culminates in this publication of *The Complete Works of Primo Levi*. This magisterial collection finally gathers all of Levi’s fourteen books—memoirs, essays, poetry, and fiction—into three slip-cased volumes. Thirteen of the books feature new translations, and the other is newly revised by the original translator. Nobel laureate Toni Morrison introduces Levi’s writing as a “triumph of human identity and worth over the pathology of human

destruction. The appearance of this historic publication will occasion a major reappraisal of "one of the most valuable writers of our time" (Alfred Kazin). The Complete Works of Primo Levi features all new translations of: The Periodic Table, The Drowned and the Saved, The Truce, Natural Histories, Flaw of Form, The Wrench, Lilith, Other People's Trades, and If Not Now, When? as well as all of Levi's poems, essays, and other nonfiction work, some of which have never appeared before in English.

Welcome to The Periodic Table of Hip Hop. Instead of hydrogen to helium, here you'll find James Brown to Kanye West - 94 artists that have defined Hip Hop arranged following the logic of The Periodic Table of Elements. MCs, DJs, rappers and producers are the elements here, and this expert guide orders them to reveal their contrasts and connections, along with key movements and moments in the history of this music genre. Includes: James Brown, P-Funk, Kool Herc, Melle Mel, Sugarhill Records, Fab Five Freddy, Whodini, Run DMC, Rick Rubin, LL Cool J, Kanye West and Jay Z and many, many more...

In his final book before his death, Primo Levi returns once more to his time at Auschwitz in a moving meditation on memory, resiliency, and the struggle to comprehend unimaginable tragedy. Drawing on history, philosophy, and his own personal experiences, Levi asks if we have already begun to forget about the Holocaust. His last book before his death, Levi returns to the subject that would define his reputation as a writer and a witness. Levi breaks his book into eight essays, ranging from topics like the unreliability of memory to how violence twists both the victim and the victimizer. He shares how difficult it is for him to tell his experiences with his children and friends. He also debunks the myth that most of the Germans were in the dark about the Final Solution or that Jews never attempted to escape the camps. As the Holocaust recedes into the past and fewer and fewer survivors are left to tell their stories, *The Drowned and the Saved* is a vital first-person testament. Along with Elie Wiesel and Hannah Arendt, Primo Levi is remembered as one of the most powerful and perceptive writers on the Holocaust and the Jewish experience during World War II. This is an essential book both for students and literary readers. Reading Primo Levi is a lesson in the resiliency of the human spirit.
