One of the most famous books ever written about a man's search for faith and peace. The Seven Storey Mountain tells of the growing restlessness of a brilliant and passionate young man, who at the age of twenty-six, takes vows in one of the most demanding Catholic orders—the Trappist monks. At the Abbey of Gethsemani, "the four walls of my new freedom," Thomas Merton struggles to withdraw from the world, but only after he has fully immersed himself in it. At the abbey, he wrote this extraordinary testament, a unique spiritual autobiography that has been recognized as one of the most influential religious works of our time. Translated into more than twenty languages, it has touched millions of lives. .

One man's search to find his role in the world is revealed in the writer's portrait of his youthful political activism and entry into a Trappist monastery

From 1948 to 1952 the lives of Trappist monk Thomas Merton and British novelist Evelyn Waugh were closely intertwined. During these years, Waugh became enthusiastic about American Catholicism, and in particular, monasticism as seen through the eyes of the author of The Seven Storey Mountain. He agreed to edit Merton's autobiography and the subsequent Waters of Siloe for publication in Britain. In this close examination of their friendship, through their correspondence, we see Waugh's coaching of a younger writer and Waugh's brief infatuation with America. Most of all, we witness Merton the writing student and spiritual master and Waugh the master of prose and conflicted penitent. And we see how the two men diverge as the Second Vatican Council takes hold in Catholicism and the church experiences profound change. "This careful study sheds light on Merton the writer with Evelyn Waugh as his tutor. It is also an interesting snapshot of the culture of midtwentieth century Catholic renewal." —Lawrence S. Cunningham, John A. O'Brien Professor of Theology (Emeritus), The University of Notre Dame "An absorbing exchange of letters between Thomas Merton and Evelyn Waugh, focusing principally on Waugh's editing of the British publication of The Seven Storey Mountain and The Waters of Siloe. Waugh's sometimes barbed comments caused Merton to reflect deeper on what he was writing and how he should respond, as positively as he could, to this influential Catholic novelist. A wonderful, brief study of both men." —Patrick Samway, S.J., editor of The Letters of Robert Giroux and Thomas Merton (forthcoming, University of Notre Dame Press, 2015) "Dedicated readers of Evelyn Waugh and Thomas Merton know of the connections between two major Catholic writers, especially of Waugh as editor and writing coach for Merton's work. But in this brief but thoroughly researched book, Coady provides important new details about Merton's role not just as willing student but as spiritual advisor to Waugh and puts those details into the cultural and religious context of the years after World War II in clear and sometimes eloquent fashion." —Robert Murray Davis, author of Brideshead Revisited: The Past Redeemed

Derived from Merton's personal journals and letters, and from the recollections of intimate friends, this authorized narrative catches the character of the man, the artist, and the Catholic priest

This volume is a stimulating series of spiritual reflections which will prove helpful for all struggling to find the meaning of human existence and to live the richest, fullest and noblest life. --Chicago Tribune

From the best-selling novelist and memoirist: a deeply personal view of her discovery of the celebrated modern monk and thinker through his writings. "If Thomas Merton had been a writer and not a monk, we would never have heard of him. If Thomas Merton had been a monk and not a writer, we would never have heard of him." So begins acclaimed author Mary Gordon in this probing, candid exploration of the man who became the face and voice of mid-twentieth-century American Catholicism. Approaching Merton "writer to writer," Gordon illuminates his life and work through his letters, journals, autobiography, and fiction. Pope Francis has celebrated Merton as "a man of dialogue," and here Gordon shows that the dialogue was as much internal as external—an unending conversation, and at times a heated conflict, between Merton the monk and Merton the writer. Rich with excerpts from Merton's own writing, *On Thomas Merton* produces an intimate portrait of a man who "lived life in all its imperfectability, reaching toward it in exaltation, pulling back in anguish, but insisting on the primacy of his praise as a man of God."

Thomas Merton was recognized as one of those rare Western minds that are entirely at home with the Zen experience. In this collection, he discusses diverse religious concepts—early monasticism, Russian Orthodox spirituality, the Shakers, and Zen Buddhism—with characteristic Western directness. Merton not only studied these religions from the outside but grasped them by empathy and living participation from within. "All these studies," wrote Merton, "are united by one central concern: to understand various ways in which men of different traditions have conceived the meaning and method of the 'way' which leads to the highest levels of religious or of metaphysical awareness."

This diary of a monastic life is "a continuation of *The Seven Storey Mountain* . . . Astonishing" (*Commonweal*). Chronicling six years of Thomas Merton's life in a Trappist monastery, *The Sign of Jonas* takes us through his day-to-day experiences at the Abbey of Our Lady of Gethsemani, where he lived in silence and prayer for much of his life. Concluding with the account of Merton's ordination as a priest, this diary documents his growing acceptance of his vocation—and the greater meaning he found within his private world of contemplation. "This book is made unmistakably real and almost, at times, unbearably poignant by the fact that the exuberance of youth so often wells up through it with rapture, impatience, and even bluster." —*The New York Times* "A stirring book—the most readable and on the whole, most illuminating of the author's writings." —*Catholic World*

With the election of a new Abbot at the Abbey of Gethsemani, Merton enters a period of unprecedented freedom, culminating in the opportunity to travel to California, Alaska, and finally the Far East – journeys that offer him new possibilities and causes for contemplation. In his last days at the Abbey of Gethsemani, Merton continues to follow the tumultuous events of the sixties, including the assassinations of Martin Luther King, Jr., and Robert Kennedy. In Southeast Asia, he meets the Dalai Lama and other Buddhist and Catholic monks and discovers a rare and rewarding kinship with each. The final year is full of excitement and great potential for Merton, making his accidental death in Bangkok, at the age of fifty-three, all the more tragic.
