Illustrates how aspects can offer a profound depiction of an individual and his or her destiny. • Contains comprehensive sections full of interpretations for every planetary combination. • Concepts are explained through the use of actual birth charts and diagrams. • A core textbook at the Faculty of Astrological Studies in London. Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual. Aspects describe the drama of our lives--the complex configurations that influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines and elemental trines, and cardinal, mutable, and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being. With *Aspects in Astrology*, Tompkins provides both the novice and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.

This first volume in the *Seminars in Psychological Astrology* series includes *Stages of Childhood*, *The Parental Marriage*, *Subpersonalities*, and *Puer and Senex*. This is an extremely important book for anyone who wants to combine astrology and psychology in the counseling process.

Deborah Houlding is a well known and highly respected teacher and practitioner of horary astrology. Her original version of this book came out in 1998 but has been out of circulation for several years. Its welcome return comes in the form of a newly revised and very much updated version of the 1998 edition. The author has included an excellent Appendix on traditional terms, and a Preliminary Guide to the concept of house systems. In depth information is also given on many traditional techniques, which will prove invaluable to the astrology student. An essential source book and almost required reading for any serious astrologer.

On this entertaining jaunt through the stars, Gwyneth Bryan takes us on a tantalizing tour of house-based astrology. Blending astrology, psychology, and metaphor, this astrological guide helps readers grasp the dynamics of each of the twelve astrological houses. Humor and personal anecdotes bring astrological concepts--such as the Ascendant, Descendant, Midheaven, and the Nadir--to life. The astrological birth charts of Bill Clinton, Gloria Steinem, Donald Trump, Martha Stewart, George W. Bush, and other important icons are used as colorful examples to demonstrate how the planets within each house can influence childhood, physical appearance, personality, career, relationships, spiritual growth, and other aspects of life.

An exciting book to help you understand yourself and your clients, combining the symbolism of astrology with psychology. *Dynamics of the Unconscious* shows readers how to understand depression, the astrology and psychology of aggression, and alchemical symbolism for growth.

Every astrologer needs a good understanding of the astrological houses, and *Houses of the Horoscope: An Introduction* provides a practical and valuable sourcebook. Alan Oken masterfully guides you through the concepts of the meanings and the nature of the twelve astrological houses. He provides a core description of the twelve areas of life delineated by the astrological house system. The energy of each of the planets in the houses tells us where on Earth that planet's energy lands and what area of our life it highlights. He gives a masterful analysis of how the astrological signs on the house cusps and the planets ruling the signs on houses express the nature of each house. The planets, signs, and houses in a chart represent the "whats", "hows",

and "wheres", of your life. The planets tell us "what" kind of energy is at work. The signs indicate "how" this energy is working. But it is the houses that reveals "where" the events, people, and places in your life may be found. Alan Oken provides an expert guide to the understanding of the astrological houses and their interaction with these other elements of the horoscope.
