“ [A] brilliant, triumphantly lurid writer as well as a supremely talented, elegant stylist whose prose is smart and nervy. He might also be the last literary outlaw in mainstream American fiction. ”  
—Bret Easton Ellis Internationally acclaimed writer Dennis Cooper continues to study the material he's always explored honestly, but does so now—in stories—with a sense of awareness and a satirical touch that exploits and winks at his mastery of this world. As it has done for decades, Cooper ' s taut, controlled prose lays bare the compulsions and troubling emptiness of the human soul.

“ In another country or another era, Dennis Cooper ’ s books would be circulated in secret, explosive samizdat editions that friends and fans would pass around and savor like forbidden absinthe. ” —New York Times Book Review “ His work belongs to that of Poe, the Marquis de Sade, Charles Baudelaire, and Georges Bataille, other writers who argued with mortality. ” — San Francisco Chronicle "There ’ s a stainless steel sheen to Cooper ’ s sentences that is as admirable as anything this side of Didion." — Salon From the internationally acclaimed author of Ugly Man and one of “ the last literary outlaws in mainstream American fiction ” (Bret Easton Ellis) comes a survey of his cultural criticism. From interviews with celebrities such as Leonard DiCaprio and Keanu Reeves; to obituaries for Kurt Cobain and River Phoenix; to writings on social issues—including the touchstone piece “ AIDS: Words from the front ” ; Smothered in Hugs spans three decades of journalism from Dennis Cooper.

"I started writing books about and for my friend George Miles because whenever I would speak about him honestly like I am doing now I felt a complicated agony beneath my words that talking openly can't handle." For most of his life, Dennis Cooper believed the person he had loved the most and would always love above all others was George Miles. In his first novel in ten years, Dennis

Cooper writes about George Miles, love, loss, addiction, suicide, and how fiction can capture these things, and how it fails to capture them. Candid and powerful, *I Wished* is a radical work of shifting forms. It includes appearances by Santa Claus, land artist James Turrell, sentient prairie dogs, John Wayne Gacy, Nick Drake, and George, the muse for Cooper's acclaimed novels *Closer*, *Frisk*, *Try*, *Guide*, and *Period*, collectively known as "The George Miles Cycle." In revisiting the inspiration for the Cycle, Dennis has written a masterwork: the most raw, personal, and haunted book of his career.

“ [A] brilliant, triumphantly lurid writer as well as a supremely talented, elegant stylist whose prose is smart and nervy. He might also be the last literary outlaw in mainstream American fiction. ”

Book description to come.

Literary cult hero Dennis Cooper delivers his highly anticipated new novel. Written in a voice that is lush and intricate, *The Marbled Swarm* is Dennis Cooper ' s most accomplished (and most beguiling) work to date. Cooper tells the story of a man who secretly influences his son to commit a grisly act. Justin Taylor, author of *The Gospel of Anarchy*, calls *The Marbled Swarm* “ a mindbending masterpiece . . . vivid, slippery, ferocious, and rich with secrets. Nobody else could have written this novel and nothing else like it exists. ” Cooper, following his collections *Smothered in Hugs* and *Ugly Man*, offers his fans the expansive novel they have been waiting for—one that will become a touchstone of outsider

Second in the award-winning George Miles Cycle, “ as intense a dissection of human relationships and obsession that modern literature has ever attempted ” (The Guardian). When Dennis is thirteen, he sees a series of photographs of a boy apparently unimaginably mutilated. Dennis is not shocked but stunned by their mystery and their power; their glimpse at the reality of death. Some years later, Dennis meets the boy who posed for the photographs. He did it for love. Surrounded by images of violence, the celebrity of horror, news of disease, a wasteland of sex, Dennis flies to Europe, having discovered some clues about the photographs: “ I see these criminals on the news who ’ ve killed someone methodically, and they ’ re free. They know something amazing. You can just tell. ” An isolated windmill in Holland provides the perfect setting for Dennis to find out more about bodies—of which there are many—and what is inside them. In Frisk, as in the award-winning Closer, Dennis Cooper explores the limits of our knowledge and the dividing line between the body and the spirit. Frisk is a novel about the power of fantasy and faith, about the ecstasy and horror of being human. “ A significant work of fiction. Cooper . . . wants to lead us into the wormy heart of the murderous impulse. ”  
—Michael Cunningham, Pulitzer Prize – winning author of The Hours “ Destined to classic status. ” —Los Angeles Times Book
