Internships & Co-Op Jobs in New York - verizon.com

Outside of my team, the remote intern meetings run by HR were pretty useless - I often felt like I was wasting time attending an HR meeting when I could've been working. Also, I understand that 5G is one of Verizon's biggest products, but it's pretty annoying hearing it shoved into my face all the time.

Application. I applied online. The process took 3+ months. I interviewed at Verizon (New York, NY (US)) in October 2016. Interview (This was for a software engineering internship): I applied online early September and received an email two days later to complete a HireVue video interview. A month later, I got another email to attend their onsite interview.
