Charles R. Geisst's Wall Street is at once a chronicle of the street itself--from the days when the wall was merely a defensive barricade built by Peter Stuyvesant--and an engaging economic history of the United States, a tale of profits and losses, enterprising spirits, and key figures that transformed America into the most powerful economy in the world. The book traces many themes, like the move of industry and business westward in the early 19th century, the rise of the great Robber ...

Wall Street, street, in the southern section of the borough of Manhattan in New York City, which has been the location of some of the chief financial institutions of the United States. The street is narrow and short and extends only about seven blocks from Broadway to the East River. It was named for an earthen wall built by Dutch settlers in 1653 to repel an expected English invasion.

### Wall Street update: US stocks dip on stimulus stalemate

Sometime in telling these anecdotes of "greed", huge periods of the book go by without even a mention of Wall Street itself. In the end you are left with very little actual history of Wall Street, let alone any nod to the fact that it was a major element in creating one of the most powerful economic systems in the history of human development.

### Amazon.com: Customer reviews: Wall Street: A History ...

The Wall Street Journal Prime Rate (WSJ Prime Rate) is a measure of the U.S. prime rate, defined by The Wall Street Journal (WSJ) as "the base rate on corporate loans posted by at least 70% of the 10 largest U.S. banks". It is not the "best" rate offered by banks. It should not be confused with the discount rate set by the Federal Reserve, though these two rates often move in tandem.
